Dear Students,

Many things have been changed world-wide since our team visited Grey Coat Hospital in September 2019.

We were so glad with your warm welcome and so grateful to be able to study about your fulfilling school life & exchange program with Chiyoda Schools.

We very much regret to hear about cancellation of exchange program this year but we totally understand. We sincerely hope that your interest in our country and its culture remains and look forward to the reopening of your exchange program.

Best regards,
